

2024/25 Holiday Timetable

The end of the year marks a time of fun and family bonding. With exams over, students can finally heave a sigh of relief as they look forward to the year-end holiday. At TEE, we believe in the importance of school-life balance and have created a special holiday schedule for our students.

Holiday timetable: 16 November to 31 December 2024

During the above-mentioned period, classes will be held only from Monday to Saturday. The centre will be closed on Sundays. Weekday classes will take place at earlier times, from 11am-1pm, and 2:30pm-4:30pm. There will be no study group sessions during the holiday.

FAQs:

1. Why does The Edu Experience have a holiday timetable?

We firmly believe in a school-life balance for our students and a work-life balance for our staff. The year-end holiday allows everyone to spend time with friends and family, and we encourage students to take a break to rest and recharge after a challenging year. In January, when the school term starts, we will revert to our regular academic timetable.

2. Will my child still get unlimited hours?

Yes, your child can still book extra lessons if they need additional guidance.

3. Are there still study group sessions and enrichment programmes?

(For Tampines Plaza outlet)

No, there will be no study group sessions during the holiday. However, enrichment programs will continue every Tuesday in the 1st and 3rd weeks of the month.

4. Are the lessons online or physical?

P1 and P2 classes are conducted only in person. For P3 to P5 students, virtual classes are available on weekdays while P6 students can access virtual classes from Monday to Saturday. Please note that virtual lessons are intended for students who are overseas and already registered with us for online sessions during this period. Lessons in KAP Mall will only be conducted in person.
